

ERRATUM

The Table of Contents in the January 1997 issue, AJPA 102:1, did not differentiate between articles published as part of an edited symposium, and other research papers published in that issue. Five of the first six articles (pp. 1–77) in volume 102:1 were originally presented at the 63rd AAPA annual meeting (1994) as part of a symposium entitled “Social and Political-Economic Perspectives in Biological Anthropology.” The organizers of the symposium, and its counterpart published in AJPA 102:1, were T.L. Leatherman and A.H. Goodman.
